Subject: DDDS reference letter
Block C Sobella Retail-2647

Dear Mr. Stern:

This is a letter of General Reference. We have utilized DDDS for several different, distinct functions, from detailing to providing Project Coordinator and Virtual Construction assistance. In every endeavor that we have entered with DDDS we have had fortuitous results. I find your personnel to be well trained, well seasoned, and very capable to the tasks that we have assigned to them. I would recommend utilizing DDDS for detailing, Project Coordination, or Virtual Construction needs on future projects.

Sincerely,

SCHUFF STEEL COMPANY

Gary Provencher
